ANDREW SILVA

MEDICAL ELECTRONICS ENGINEER | MEDICAL EQUIPMENT SERVICE & TECHNICAL SUPPORT

Mettur Dam, Salem, Tamil Nadu, India | +91 95977 28902 | silvaandrew.a@gmail.com

PROFESSIONAL SUMMARY

Medical Electronics Engineering professional with service-engineering experience at Medingers Healthcare Solutions since 2019, supporting hospital customers through site visits, assistance with installations, maintenance, troubleshooting, customer support, and service reporting. Background includes hospital-based equipment training across multiple clinical departments and specialist training in X-ray and darkroom systems at the Advanced Training Institute for Electronics and Process Instrumentation (ATI-EPI), Hyderabad. Co-authored a published research paper on an IoT-based syringe and infusion pump control system. Interested in medical equipment service, biomedical engineering, clinical engineering support, and medical-device technical support roles across the GCC and wider Middle East.

CORE COMPETENCIES

Medical equipment service support • Installation assistance and maintenance • Troubleshooting support • Hospital customer support • Service reports and documentation • X-ray and darkroom systems training • Operating theatre equipment training • Clinical department exposure • Medical electronics and IoT-based device concepts • Technical communication and critical thinking

PROFESSIONAL EXPERIENCE

Service Engineer | Medingers Healthcare Solutions | 2019–Present

- Visit hospitals to support medical equipment service activities and customer requirements.
- Assist senior engineers with equipment installation, maintenance, and troubleshooting tasks.
- Provide customer-facing support and communicate service-related information to hospital personnel.
- Prepare and maintain service reports to document service activities.
- Support field service work while continuing to build technical knowledge through practical exposure.

Part-time Music Educator | WhiteHat Jr / BYJU'S | After COVID-19 lockdowns – dates to be confirmed

- Delivered online music instruction to school-age learners, managing live sessions and adapting explanations to individual learning needs.
- Conducted 2,000+ live classes, developing transferable strengths in communication, presentations, scheduling, and customer-facing interaction.

TECHNICAL TRAINING & CLINICAL EXPOSURE

Biomedical Internship Trainee | Manickam Multi-Specialty Hospital, Rasipuram | Dec 2017

- Received training and clinical exposure across ICU, NICU, Operating Theatre, Blood Bank, Laboratory, Radiology, and Dialysis departments.
- Learned the purpose and handling of medical equipment used in the departments visited, with emphasis on its role in patient care.

Radiology Equipment Training | Advanced Training Institute for Electronics and Process Instrumentation (ATI-EPI), Hyderabad | Jan 2018

- Completed training in the operation and maintenance of X-ray and darkroom systems.

OT Equipment and X-ray Operation Training | SPM Medical Centre | Aug 2018

- Received training related to operating theatre equipment and X-ray operation.

Industrial Visit – Surgical Equipment | Appasamy Associates, Pondicherry | Date not specified

- Participated in a one-day industrial visit focused on surgical equipment.

RESEARCH PUBLICATION

Advanced Control System for Syringe and Infusion Pump Using IoT

International Journal of Innovative Research in Advanced Engineering (IJIRAE), Volume 6, Issue 3, March 2019. Co-authors include A. Andrew Silva.

Full paper: https://www.ijirae.com/volumes/Vol6/iss03/43.SI.MRAE10117.pdf

EDUCATION

B.E. in Medical Electronics | Sengunthar College of Engineering | Anna University | 2020 | CGPA: 6.62/10

Higher Secondary Certificate (HSC) | 2015 | 74%

Secondary School Leaving Certificate (SSLC) | 2013 | 86%

ADDITIONAL INFORMATION

Languages: Tamil, English

Location: Salem, Tamil Nadu, India | Open to relocation across the GCC and wider Middle East
